

COLLEGE OF ARTS, MEDIA AND DESIGN - STUDIO THEATRE AT ELL HALL

Boston, MA

Acella Construction managed interior renovation:

- Seeyond™ Architectural 3D Wall System with programmable LED lighting for dramatic effect. Proprietary parametric design system facilitated design, manufacturing and installation.
- Form + Surfaces Bonded Metal Doors offer visual sophistication, design flexibility and high performance.
- Careful coordination of work concurrent with performances.
- New entrance in a high traffic area, requiring pedestrian access throughout construction.

Architect:

Bergmeyer Associates, Inc.
